

Girl Scout Bronze Award Project Proposal Form

The Girl Scout Bronze Award, is a leadership adventure and the highest honor a Girl Scout Junior (Grades 4 & 5) can achieve. As you and your team plan and complete your project, you'll develop more confidence, meet new people, and have the kind of fun that happens when you work with other Girl Scouts to make a difference.

Once the Life Skills Specialist feels the project has all the required components, the troop leader/ advisor will be advised that the girl(s) have approval to start their project. This form must be submitted BEFORE any work on a Bronze Award project is started.

- Planning of the Bronze project should begin after completion of a Journey.
A Journey is completed when a girl has earned the journey awards, which include creating and carrying out a Take Action project.
- Bronze level girls may work individually or in a group or troop setting.
- Girl Scout Juniors working on their Girl Scout Bronze Award should reflect and plan on the sustainability of their project.
- What does it mean to have a “sustainable” project?
A sustainable project is one that lasts after the girls’ involvement ends. A focus on education and raising awareness is one way to make sure a project is carried on. Workshops and hands-on learning sessions can inspire others to keep the project going. Another way to create a sustainable project is by collaborating with community groups, civic associations, non-profit agencies, local government, and/ or religious organizations to ensure the project lasts beyond the girls’ involvement.
- It is sometimes necessary for girls to expand upon their project prior to starting. All Bronze Awards are required to have the components of leadership, sustainability, and volunteerism.
