Leave No Trace Badge:

Complete the three following activities:

Step 1.

Dig a cathole and explain what it is used for in practicing Leave No Trace. Afterwards, bury and disguise it so it can't be found.

Step 2.

On an outdoor outing, practice two of the Leave No Trace principles. (Outings may include time in the backyard, a walk around the block, an uncrowded park, or an uncrowded trail.)

Step 3.

Make a Leave No Trace poster and send a photo in to be displayed in our virtual gallery.
