

Council Name: Southern Arizona; eBudde(tm) Id: 7566728

Hi Troop Cookie Chairs,

This special Sunday edition of cookie guidance is for those of you who are looking for just a little extra support as you prepare to submit your Initial Cookie Order—due tomorrow (Monday) by 8:00 PM. Think of this as your “everything you need in one place” message.

First and foremost: you are not alone.

Your Service Unit Cookie Mentors are standing by to assist, and your council product team is actively answering emails and texts. AND—you have a whole toolbox of resources ready for you, so let’s do this together! A helpful way to speed up help is to give us your troop or J number in the “Subject line” or when calling, leave a message with what it is you need help with.

If you have already placed your initial order and selected your delivery time slot/submitted your direct delivery form – THANK YOU. If you have not completed both of these steps, please keep reading.

#### A Gentle Note About Timing

Please do not wait until 7:30 PM tomorrow to begin your order.

The system WILL lock you out at 8pm, and your time is too precious to spend fighting technology.

If you have a moment today—or early tomorrow—give yourself that space to work comfortably.

#### HOW-TO VIDEO: Placing Your Initial Order & Selecting Delivery Sites

Watch here: [https://www.youtube.com/watch?v=4KQNqyMQ\\_k](https://www.youtube.com/watch?v=4KQNqyMQ_k)

Most important reminder:

eBudde’s unit of measurement for Initial Order is by the package.

Your total for each variety must be divisible by 12. IE 10 cases of Thin Mints = 120 packages, enter 120

Make sure the last line (“Extras”) on the Initial order tab shows only zeroes

Most Asked Question: "Where are my girls? They aren't showing in eBudde."

That's correct for everyone. But the good news is you don't need them to place your initial order – place it on the "Other" line. Girl Scouts should be added this week and then we will ask you to check your roster and fill out the form for any corrections needed.

If You Are NOT Placing an Initial Order

No worries at all! If you plan to visit the cupboard on the first day instead, you're still on track. We will send cupboard-ordering instructions after the initial order window closes.

Direct Delivery (500+ Cases)

If your troop is placing a large delivery order (500+ cases) to a home or storage unit:

1. You must still enter that order in eBudde as your Initial Order by tomorrow's 8pm deadline
2. You must complete the Direct Delivery JotForm here:  
<https://girlscoutsoaz.jotform.com/243434571136959>

Picking up at a Drop

You will need to select your delivery time. The deadline for that is also tomorrow (Monday) by 8:00 PM. Need help, watch the video linked above .

We are thankful beyond measure for each and every one of you. Your leadership, your heart, and your willingness to step into this role is what moves our mission forward for every Girl Scout we serve.

With gratitude,  
Your Product Program Team
