

Fall Product Program

Oct 1 - 31

EMBRACE POSSIBILITY

Participation Level

3 participating Girl Scouts, at \$100 each in total sales

What is the Fall Product Program?

The Fall Product Program is a financial literacy program where Girl Scouts become entrepreneurs! They run their own online website & business by selling nuts, candy, magazines, and more!

The Impact of Participation

Girl Scouts who participate in the Fall Product Program are more likely to gain confidence and learn how to be leaders. Participants feel braver, and more capable, making it easier to talk to new people, and share their ideas! This program can help girls see themselves as strong and successful entrepreneurs!

Troop Funding

Troops earn 20% of sales on non-food items, and \$1.00 per item on food products, as long as your troop reaches participation level (three participating Girl Scouts at \$100 each in total sales). Funding earned can be used for activities and adventures throughout the year!
